Hamby Phillips and Dolbe Arnold, Danville.

Mountain Feud Ends In Killing

Two Dead, Two Wounded In
Blue Ridge Mountain Fat-
al Affray.

ASHEVILLE, Oct. 29.—Two men are dead, two others are seriously wounded, and four men are being sought on charges ranging from simple assault to murder at large in the wilds along the upper reaches of Blue Ridge Creek, beyond Bakersville, Mitchell county, a section in the wilder part of the Blue Ridge mountains completely isolated from the outside world through lack of telephone, telegraph or railroad connections, according to reports from that village received here tonight.

The killings, according to the report, came as the climax of a mountain feud, long smoldering, which occurred when county officers, headed by Sheriff Clyde Pritchard, attempted to invade the stronghold of one family in search for an alleged blockade still at the instigation and under the direction of a member of the rival clan.

Sheriff Pritchard with a deputy, Lewis Blevins, left Bakersville Friday morning to search the Big Rock Creek section for several blockaded gulls. Arriving at the home of the Hughes, two brothers, Garfield and Arthur, told Sheriff Pritchard, they could bring him three stills within an hour. The sheriff agreed to wait. A few minutes later he heard shots from the direction where Deputy Blevins had been waiting. Hurrying to the scene he found Blevins dead, and the Hughes, with Henry Troutman, in an automobile. Garfield Hughes, the sheriff said, surrendered his pistol and said he had killed Blevins.

As the sheriff was disarming the two other men Deputy Sheriff Wheeler Melton, a relative of Blevins, with Will Byrd rode up. Arthur Hughes turned his gun on Melton and shot him three times before the sheriff could interfere, Pritchard said. Melton and Byrd fled, and Troutman escaped. The Hughes brothers were taken home and placed under guard. The sheriff then went in search of Troutman. In his absence Deputy Blevins, uncle of the slain deputy, with the former's son, Herbert, and Sam

Barnett, arrived at the Hughes home, overpowered the guards and then as the Hughes brothers fought to protect themselves, the older Blevins and Barnett opened fire, according to the information received here tonight as detailed by Sheriff Clyde Pritchard to the Mitchell county banner.

Arthur Hughes was mortally wounded and Garfield was wounded through the chest and left arm. The three men escaped but Barnett was apprehended. Barnett after a hearing before a magistrate was held under \$1,000 bond as a material witness. Garfield Hughes, wounded and under guard, later escaped and is at large with Troutman and the two Blevins.

**Uncle Sam Is
In the Guide
Book Business**

(By The Associated Press.)
WASHINGTON, Oct. 29.—Although it is not generally known that Uncle Sam is in the guide book business, one of the most interesting guides to motorist routes throughout the "Golden West" is that recently published by the U. S. Geological Survey. The great variety of mountain scenery to be found in Colorado and the Panoramas of the pinnacles and Cañons of Utah, is the theme of the latest addition to the series which the Geological Survey has been publishing at intervals since 1915. Specifically, the route described follows that of the Denver and Rio Grande West and Railroad from Denver, Salt Lake City.

The guide book, which may be obtained at the department for one dollar, not only treats of the scenery, resources and the human activities of the region traversed, but explains the forms of the mountain peaks and canyons along the route, how they have been developed by the ancient terraced forces. It describes the rock strata which underlie the country and which have controlled the forms of the landscape. Many of the beds of these rocks are most interesting, for they contain the remains of strange animals now extinct, that roamed the country ages ago.

The skeletons of great monsters have been unearthed in many places along the route, and even their tracks preserved in sandstone, have been found.

The rocks also contain the metallic ores that have made Colorado and Utah famous the world over and have added untold millions of dollars to the country's wealth. The guidebook gives an interesting explanation of these rocks and precious minerals, described by mineralogists and geologists. The history of the mining districts passed along the route forms one of the most fascinating and adventurous chapters in the country's own history. The most interesting of the old camps described is possibly Leadville, where great wealth in lead, silver, gold, and zinc was produced.

The changes that the wizard water has accomplished with the aid of the government's reclamation and irrigation service are also seen in the Utah deserts, and described in the tourist's book. The work of the Forest Service in conserving the country's own history. The most interesting of the old camps described is possibly Leadville, where great wealth in lead, silver, gold, and zinc was produced.

The changes that the wizard water has accomplished with the aid of the government's reclamation and irrigation service are also seen in the Utah deserts, and described in the tourist's book. The work of the Forest Service in conserving the country's own history. The most interesting of the old camps described is possibly Leadville, where great wealth in lead, silver, gold, and zinc was produced.

Some of the most interesting pages are those which sound like dime novels, and describe the war between the Denver and Rio Grande and the Santa Fe Railroads in 1878-1880, for the possession of the Royal Gorge, a key in railroad routes through the mountains. It is graphically described how the battle of the gorges, which was a real war, for much blood was shed, many thousands of dollars of property destroyed, and many legal fights about courthouses before the matter was finally settled. As a result, both sides won, apparently. The Denver and Rio Grande won possession of the gorge, its lost its right of extending its lines to the southward.

**R. K. Smith Left
School Bequests**

Robert K. Smith, who died very suddenly at his farm near Orange, Va., October 24, left fifty thousand dollars each to the University of North Carolina and Davidson College and ten thousand dollars each to Lees-McCoy High School, New River School, Glade Valley High School, and Crossport School, a total of \$140,000.

Mr. Smith was born near Milton in Caswell county, and as a young man lived in Durham and this city. Something like forty years ago he moved to Leesville, Ky., and connected with the lead department of the American Tobacco Company. About twenty-five years ago he moved from Kentucky to New York, and was many years a vice-president of the American Tobacco Company.

He was a very quiet and diffident man of wide reading and culture. A great literary and art lover, he was the possessor of some of the finest examples of the Barbizon School.

Except for these bequests to education institutions, the balance of his estate is left to his several nieces and nephews. His farm near Orange, Virginia, and all of his books of art he left to his nephew, Williams Omond Smith of Milton.

Hall, Rescuing Mrs. Mills, Killed By Accident, Thinks Woman Sleuth

Noted Woman Detective; First Policewoman in New York; Formerly Head of Woman's Police Precinct; Now Special Investigator Attached to Commissioner Enright's Office.

NEW YORK, Oct. 30.—It is utterly criminal that bunking of curious people should be permitted every trace of evidence when the bodies of Rev. Hall and Mrs. Mills were found.

These is scarcely any doubt that this was a professional murder—I mean, accomplished by hired assassins.

Also it is reasonably clear that jealousy and revenge were the basic motives. It is not so clear, however, what person or persons were thus motivated. The major part of the investigation thus far is that most people seem to have jumped to the conclusion that the numerous published letters indicated a close friendship between Rev. Hall and Mrs. Mills.

I question whether the letters are authentic. I would want the penmanship tested through the proper channels. Did the rector, admitted—an unusually intelligent man, write all those letters? Could Mrs. Mills have written the letters attributed to her?

Perhaps they did write them. But the letters might have been written by a clever chameleon. Either before or after the murder. That is important—before or after.

In trying to solve this mystery I would consider all these points. First, though, I would try to imagine what happened at the scene.

I would investigate that telephone call. Rev. Hall received the night the two disappeared—the night he was seen on the street with a drawn and harassed face.

Consider that telephone call. Build up from there. You have such a totally different and entirely plausible theory as this:

That the assassins never intended to kill him. Perhaps they intended to kill Mrs. Mills—or maybe tar and feather her—but certainly to punish her.

That Rev. Hall's share of punishment was to take the form of being compelled to witness her death of humiliation—and a telephone call was sent to him summoning him to the scene.

That the rector put up more of a fight than Mrs. Mills' defense than was anticipated. Perhaps he tried to rescue her, and even got her away from her captors—and the two were fleeing.

That a shot was fired—at her, not at him—and she was hit.

That she may have fallen with the

BY MARY E. HAMILTON

first bullet in her head—and that as she was fired at her, two more struck her in the head and one hit Rev. Hall as he bent down to help her.

These bullets may have been fired in panic—perhaps never planned—and Rev. Hall may have been hit by mistake.

The tender manner in which his body was cared for afterwards, as compared to the fiendish slaying of the woman's throat, dovetails with this theory. The crime may have happened at the Phillips farm or elsewhere.

Find out about that telephone call. Investigate those letters. Perhaps it is not too late—though thoughtless bunglers have blotted out the best evidence, the fingerprints.

Drunk Drivers Must Pay Heavy Fines In Future

After disposition of three cases of men driving automobiles while they were under the influence of whiskey, in which the accused were fined the usual \$50 and costs, Mayor Wooding at this morning's session of the police court, announced that he would tomorrow he would deal more severely with such violations, stating that not less than a fine of \$100 would be his policy, and if necessary he would raise it to \$500. This was sounded as a warning to a driver who attempted to operate an automobile while they are under the influence of whiskey as such a practice endangered not only the lives of the person driving the machine, but also the lives of other persons, as it is quite frequently that such a violation is committed in sections of town where traffic is congested.

The three men fined \$50 and costs this morning for such violations were M. D. West, S. W. Robinson and Isaac Whitlock, the latter a negro. Officers who arrested Whitlock near the city described this man as a "red head" and a "curly" who while they were under the influence of whiskey as such a practice endangered not only the lives of the person driving the machine, but also the lives of other persons, as it is quite frequently that such a violation is committed in sections of town where traffic is congested.

Although the docket contained over thirty cases for trial this morning, less than an hour was taken up by the trial of the three men. Besides quite a number of drunks, the following cases were disposed of:

Shelly Warren, fined \$15 and costs for being drunk and disorderly.

Samuel Harrison, colored, fined \$25 and costs for carrying a concealed weapon.

Harrison was yesterday caught with a razor in his pocket.

Mr. and Mrs. Raymond Frye, who have been giving the police and court a great deal of trouble recently by their activities, were given until Wednesday morning to give a bond of \$250 each to their good behavior or serve thirty days in jail. Counsel for the defense, stated to the court that Mr. and Mrs. Frye intended leaving town tonight and it was on these grounds that the case was set for Wednesday morning.

Martina Gregory, colored, who was arrested for allowing her cows to run at large, was warned to keep the animals in the lot, and her case continued.

Warrants against Younger Moffett, Fred Pratt and R. J. Jones for gambling, were dismissed. A police officer claims he caught them gambling on a pool game. The men denied the charge in court, stating they were merely sitting and talking and were not gambling.

Fines of \$250 and costs were imposed on Ernest Rodgers and James Parker, colored, for gambling, rolling dice, leaving the game, and other violations. The case was set for Wednesday morning.

Don Woody, brought up for his failure to claim a job at which he was to report tonight and his case was continued and officers instructed to watch Woody and see if he worked.

Frank Cousins, charged with shooting and wounding James Davis, a private, under his charge, was allowed a continuance until tomorrow. It was said that Davis could not appear this morning. Cousins' bond of \$250 bond was renewed.

William Davis, violating the Mapp act, continued.

Wilson Stokes and Ed Garland submitted to charge of violating the Mapp act and paid fines of \$10 and costs.

The case of Ed Brown and C. S. S. who were arrested Saturday afternoon of a fight in which both were injured, was continued until a later date.

Thursday was the day set for the hearing of cases against Lex Campbell and W. M. Davis, charged with violating the Mapp act. Campbell is alleged to have sold Davis a bottle of whiskey. Davis was bonded under the sum of \$500.

TWO CHAMPIONS CROWNED
NEW YORK, Oct. 29.—Two national A. A. U. Champions were crowned today when William Ritzola, crack distance runner of the Florida American Athletic Club, New York, captured the ten mile run and William J. Plant of the Morning Side A. C., New York, was victorious in the seven mile walk. Both events were held at McCormick Park in the Bronx. Ritzola finished in 52 minutes, 34.5 seconds.

Believe Shield Murder Victim

Two Arrests Made by Russian Authorities in Connection With His Disappearance.

(Associated Press Leased Wire.)
MOSCOW, Oct. 30.—Two arrests have been made in connection with the disappearance two weeks ago of Philip J. Shield, American relief worker in Siberia according to a wire received here from Col. W. N. Haskell head of the field forces of the American Relief Administration.

Until Saturday night last the authorities were inclined to believe the relief worker whose home is in Richmond, Va., had ended his own life but early yesterday developments not published led to the belief that Shield may have been killed. Detailed information of arrest has not been received here.

Investigating authorities are still dragging the Volga in the belief that they will find the body in the river since Shield's hat was found on the bank above Sembrisk some days ago.

Another Hold-Up
Story Told By a Travelling Man

For the second time within a week, a travelling salesman has come to the attention of the police in connection with accounts of being held up at the point of guns by unidentified persons. P. C. Lowry, a travelling salesman for the Boddier Drug Company of Richmond, was this morning telling friends in various drug stores of being held up on the streets of Martinsville last night at the point of guns and his car searched. The motive was not robbery because Mr. Lowry's clothing was not searched, merely his car. Reference was made to what he had immediately after the search. Lowry was instructed to drive on.

Mr. Lowry said this morning that the holdup occurred about 9 o'clock on a street in Martinsville in front of a church. He said he was driving a Dodge roadster and was headed for Danville. An Essex touring car approached from behind and was soon passing alongside his machine. Mr. Lowry said that he thought nothing of this but when the car reached a cross road, the machine was turned around and the driver, a man in a suit and a pistol in the other hand, leaped out with a flashlight in one hand and a pistol in the other. The man drew the pistol on him, Mr. Lowry said, and commanded him to stop. He obeyed and several other men got out of the Essex and searched him. He was asked if he was following a Cadillac car and replied, "I am not following any car, but am in pursuit of my own business. The man" withdrawn his pistol, then said, "I want to search your car and a brief reference was made to the Essex car which was conducted and when it was completed, Lowry was told to drive on. He said no attempt was made to search his person.

The man drew the pistol on him, Mr. Lowry said, and commanded him to stop. He obeyed and several other men got out of the Essex and searched him. He was asked if he was following a Cadillac car and replied, "I am not following any car, but am in pursuit of my own business. The man" withdrawn his pistol, then said, "I want to search your car and a brief reference was made to the Essex car which was conducted and when it was completed, Lowry was told to drive on. He said no attempt was made to search his person.

Mr. Lowry stated this morning that the holdup occurred about 9 o'clock on a street in Martinsville in front of a church. He said he was driving a Dodge roadster and was headed for Danville. An Essex touring car approached from behind and was soon passing alongside his machine. Mr. Lowry said that he thought nothing of this but when the car reached a cross road, the machine was turned around and the driver, a man in a suit and a pistol in the other hand, leaped out with a flashlight in one hand and a pistol in the other. The man drew the pistol on him, Mr. Lowry said, and commanded him to stop. He obeyed and several other men got out of the Essex and searched him. He was asked if he was following a Cadillac car and replied, "I am not following any car, but am in pursuit of my own business. The man" withdrawn his pistol, then said, "I want to search your car and a brief reference was made to the Essex car which was conducted and when it was completed, Lowry was told to drive on. RAPIDS NAVAL ACADEMY

BRUNSWICK, Me., Oct. 28.—President Kenneth C. M. Sills, of Bowdoin College, in an address at Navy day exercises at the college today, said that the instruction at the Naval Academy at Annapolis was antiquated. He was a member of the board of visitors of the Naval Academy for five years and president of the board for two.

"It is in many ways a splendid institution," he said, "and worthy of the pride which the nation has always felt for it, but the people ought to understand that the instruction there is antiquated and that in many departments the students are not receiving the teaching to which they are entitled."

MINSTREL SHOT ON RABBIT HUNT

PETERSBORO, Ont., Oct. 28.—Duke Anderson, member of a minstrel company which played in Petersboro this week, was shot and killed in the woods near Campbellford this afternoon while rabbit shooting with a party of five members of the company. The shooting was said to have been accidental.

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using this new form of the famous Marmola Prescription, and now, by taking Marmola Prescription Tablets several times a day, keeps her weight just right. All good druggists sell Marmola Prescription Tablets at one dollar for a case, or if you prefer you can secure them direct from the Marmola Co., 4012 Woodward Ave., Detroit, Mich. If you have not tried them, do so. They are harmless and effective.—adv.

Dizzy Spells Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus replaces it.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

CHICAGO SCHOOL POLICE SAVE LIFE

ONE OF CHICAGO'S SCHOOLBOY TRAFFIC COPS. INET IS THE BADGE OF AUTHORITY

BY ROY GIBBONS
CHICAGO, Oct. 28.—Chicago public school children are effectively cutting down the number of fatal traffic accidents, which once claimed an appalling toll of death and injury from among their number.

This work is being carried on through the "Boys' Safety Patrol," a novel safety-first agency recruited entirely from among older boys in upper elementary grades. These boys volunteered their services, and are given police power to regulate traffic at dangerous street intersections near their schools.

The system went into effect in May, 1921, following vigorous protests lodged with the mayor by indignant parents who had tired of the relentless daily slaughter of their youngsters en route to school. Due to the patrol, a perceptible decline in such fatalities is attested by police records.

In little over a year, this reduction amounted to approximately 100 per cent. This means that more than 100 children were saved from violent death under the wheels of motor vehicles in spite of the number of automobile owners increasing 55,000 during the same period.

This obvious efficiency in the patrol's operation is one of the principal reasons assigned by recognized safety experts in recommending the idea to other municipalities for adoption.

The system has worked out to such satisfaction in Chicago, that school board officials and those charged with administration of city government unanimously proclaim it indispensable. Only boys above the fifth year grade whose standing in studies and whose physical capability warrants appointment

are chosen as members of the patrol. Choice is left entirely to the discretion of the school principal.

Each patrol has a captain and lieutenant, also chosen by the school principal, at its head. All officers and patrolmen are furnished with an emblem of authority which is worn on their right arms while on duty.

This emblem is a brassard on which the words, "Safety Patrol," and underneath "Chicago Police," are inscribed. Officers, captains and lieutenants are provided with red emblems on which their rank is printed within a white star.

To keep the patrols well informed in all traffic regulations and simple military maneuvers, drill masters are assigned from the regular police department from time to time, and put the youngsters through their paces and setting up exercises.

Pupils are given instruction in the correct manner of reporting an accident, and stating the essential facts to their school patrol captain.

Likewise they communicate any information brought to their attention of unsafe conditions in the streets and elsewhere which might constitute a jeopardy to other pupils.

In this manner, some 500 hazardous situations in the vicinity of Chicago's schools were done away with during the past six months.

Officers of every Safety Patrol are drilled to consider themselves the leaders of the safety movement in their school, and regularly hold themselves responsible not only for their own actions but for the influence they may be able to exert on the entire school.

As a part of his sworn duty, any officer of the patrol who sees a boy or girl engaging in an unsafe prac-

tice, such as crossing the street at any but a protected point, hitchhiking wagons or autos, has the right to arrest the individual and issue a warning.

Should the pupils resent the officer's remonstrance or repeat the offense, a report of the occurrence is made out by the patrol officer, and after the matter is submitted to the school principal, it is then forwarded to the juvenile court.

When a Safety Patrol officer is detailed at any crossing already protected by a regular police officer, he renders every possible assistance to the older man and takes instructions from him.

Total cost of maintaining the patrol in 300 elementary grade schools is less than \$500. This included purchase for the 3000 members of the patrol of 3000 arm bands for the 3000 members of the patrol and printing of various report cards.

But with this small appropriation, the death toll of school children in the city has been reduced from 275 killed the year prior to organization of the patrol, to 130 killed since.

These figures include all children of 14 and under and do not separate those killed only at school crossings, or streets near school buildings during the school year.

As a matter of record, only 10 lives have been lost at crossings where the safety patrol has had members stationed, as compared to the loss of almost a life a day the year previous.

In addition to these obvious beneficial results, creation of the patrol has released some 1000 of the regular police force from traffic duty to regular police work.

HAWAII HAS COSTLY MUCH-TRAVELED HERD

MANILA, Oct. 28.—Nineteen Hereford bulls at the college of agriculture here are believed to be the most traveled and among the most costly bulls in the world. They are what are left out of 250 Herefords bought by the Philippine government from Texas pastures three years ago. Instead of putting the bulls into the hands of cattlemen, the government shipped them to Zamboanga, at the southern end of the archipelago, then brought them back and afterward sent them out to the colleges.

At various stopping points they were infected with cattle disease called rinderpest, from which most of them died. Nineteen are left from which it is said that fewer calves than the original number of bulls in the shipment have come. Native cattle are small; the original intention was to breed size and beef into them by crossing them with the Herefords.

HUSBAND SUES AS 200-POUND WIFE OUTDOES FLAPPER

DETROIT, Mich., Oct. 28.—The spectacle of his forty-two-year-old, 200-pound wife appearing in knee-length skirts and staking assiduously to keep her looks sharp as short as those of any bobbed-haired flapper was too much for James Rowson, he told Judge Samuel G. Houghton in court today.

Miss Grace Rowson appeared in court and asked for temporary alimony pending the outcome of her suit for divorce. Judge Houghton awarded her \$50 a month.

Rowson asked that his wife be committed continually that there weren't any beds in the house in which she could crawl and keep warm.

PROBE DEATH OF CARRIER

ATLANTA, Ga., Oct. 28.—Post office inspectors and Campbell County officers are tonight investigating death of James C. Lankford, 42, found dead near corner of Third and Main streets, where he was found today mutilated apparently by a blow from an axe.

Lankford had no mark of violence upon his face and no wounds were found upon his body. He was found when his body was discovered in a ditch.

NOTHING TO DISPROVE THEORY OF SUICIDE

HAVRE, Mont., Oct. 28.—Following investigation by a coroner's jury, the deaths of the two young men, James Christie and John L. Lankford, who were found dead in a ditch near the corner of Third and Main streets, where they were found today mutilated apparently by a blow from an axe.

Christie had no mark of violence upon his face and no wounds were found upon his body. He was found when his body was discovered in a ditch.

Lankford had no mark of violence upon his face and no wounds were found upon his body. He was found when his body was discovered in a ditch.

SAYS AMERICA IN SYMPATHY WITH LEAGUE

TOKIO, Oct. 28.—(By The Associated Press)—David Starr Jordan, chancellor emeritus of Stanford University, who was the guest of the Japan-America Society at luncheon today declared America is in sympathy with the League of Nations. Dr. Jordan added the United States was ready to help in the restoration of Europe, "if Europe will abate her hatreds and her armies, the visible signs of hate."

BATTLE WITH PISTOL

BALTIMORE, Oct. 28.—Two government agents and a Baltimore detective battled with pistols against two alleged Spanish dope smugglers in the hold of the steamship Oregon at Locust Point tonight. The officers won the battle. The officers seized \$2,000 worth of narcotics and in Germany an intended for distribution in the United States. The Spaniards were arrested.

CHARGED WITH LARCENCY

NEW YORK, Oct. 28.—Henry Werblew, acting manager of the Parkin China, Branch of the Asia Lumber Corporation, was arrested upon his return from China today on a charge of grand larceny in connection with an alleged attempt to defraud banks out of \$139,000 by means of forged telegrams. His brother Robert Werblew, an employee of the Chase National Bank was arrested on a similar charge.

WILL RETIRE

MANILA, Oct. 28.—(By The Associated Press)—Governor General Leonard Wood, in a message to the Philippine legislature, urged the strictest governmental economy and the absolute retirement of the government from business, and declared that the Philippine government was safer in the hands of the legislature than in many other countries.

Danville Loses To Lynchburg In Game Of Fumbles

LYNCHBURG, Va., Oct. 28.—Lynchburg High defeated the Danville High school team here this afternoon by the score of 13 to 0. Danville's fumbles were responsible for the scoring of the locals. However, Lynchburg made twice as many first downs as the visitors and deserved the victory.

Lynchburg kicked off to Danville in the first quarter. Danville returned with a punt. Lynchburg again punted and Danville fumbled, a Lynchburg player recovering the ball. The field was clear and a touchdown resulted.

Again in the second quarter a Danville player fumbled and Lynchburg recovered a touchdown.

In the second half Danville came back strong but did not have the punch to push across a touchdown.

COVINGTON OF CENTRE MAKES A NEW RECORD

DANVILLE, Ky., Oct. 28.—Herbert Covington, quarterback of the Centre College football team, in a game here today with the University of Louisville, made six successful drop kicks for scores, one in the first period, three in the second and two in the third period. Figures on both of the kicks showed one from the forty yard line, two from the thirty yard line and one from the thirty two yard line. Officials who presided at the game said the feat constituted a world's record and that few saw the best previous performance in a single game.

OCEANIC WINS RACE
BALTIMORE, Oct. 28.—Oceanic won the \$25,000 Washington handicap at Laurel this afternoon. Lucky Hour was second and Paragon 2nd, third. Exterminator the favorite.

U. OF VA. IS WINNER OVER JOHN HOPKINS

BALTIMORE, Oct. 28.—Outplaying Johns Hopkins in all angles of the game, University of Virginia won today's game at Homewood Field before a disappearing crowd of 19 to 0. After the first period, when neither team scored, there was no doubt as to the final result. In the second quarter Virginia rolled up thirteen points on touchdowns by Wilson and Arnold. A line plunge brought the initial score and a forward pass the second touchdown and Fenwick kicked one of the two goals after the touchdowns.

The final Virginia touchdown was made in the last quarter by Wilson.

Try for points: Fenwick (by drop kick), Referee, Dartmouth Umpire O'Brien, Temple University. Time of quarters: 15 minutes.

DARTMOUTH WAS BEATEN 12 TO 3

CAMBRIDGE, Mass., Oct. 28.—The team that Dartmouth brought to the stadium to meet Harvard today after an absence of ten years gave back to the hills defeated, 12 to 3 but with 55,000 spectators witnesses to an unrelenting fight.

The best individual feature of the day produced Dartmouth's score—a goal from placement by Neidinger, kicked 48 yards straight and strong in the fourth period.

RETAINS HIS TITLE

PHILADELPHIA, Oct. 28.—Ralph Greenleaf, of New York, national pocket billiard champion, tonight retained his title by defeating Benny Allen, Kansas City, Mo., former champion, in a three block match, 450 to 257. Greenleaf in the third block made 150 points, while Allen was making 153.

INTERNATIONAL CENSOR

(By NEA Service.)

AT SEA, ABOARD S. S. MAJESTIC. Oct. 28.—An official O. K. has been placed on the one-piece bathing suit for the middle of the Atlantic ocean. Miss Whinnie Elliott is the censor of transatlantic morals who has issued the decree.

She is swimming instructor in the pool of the steamship Majestic. Also censor. And she herself wears a one-piece suit—and no stockings.

"I have never seen an immodest suit," says Miss Elliott. "I think most people want to be modest anyway. Besides, the prettiest bathing suits always have ample material in them."

Miss Elliott ought to know. For her job not only includes giving swimming lessons to passengers, but also advice on what they ought to wear at the beaches of the world.

She's an international bureau of information on beach fashions—what they wear along the Riviera, at Deauville, Biarritz, Florida, California, anywhere.

Miss Elliott is an English girl. Her moment of triumph, she says, came last August when she gave a swimming exhibition before King George and Queen Mary.

Aboard the Majestic she is studying psychology on the theory that it will help her in teaching the ship's passengers how to swim.

She owns 14 models, won in races three she was 10 years old.

V. M. I. Defeats North Carolina

NORFOLK, Va., Oct. 28.—Virginia Military Institute's aerial tactics in the final quarter of the game here today shattered the morale of the North Carolina State aggregation, and resulted in a 14-0 victory for the "cadets."

Throughout the first half the Tar-Heels held against repeated assaults of the Virginians. Not until within a minute of the end of the second quarter did V. M. I. make a first down.

In the third quarter after the Cadets had broken down the Tar-Heel defense by repeated overhead plays, White broke through the down-homers for a seventy-yard run for the first touchdown of the game.

In the final quarter Ryder scored V. M. I.'s second touchdown from a short forward pass. The Tar-Heels resorted to the forward pass infrequently, depending for gains upon the line plunging of Long, Randolph and Park.

Long, the Carolina fullback, sustained a fractured wrist in the third quarter and was forced to retire from the game. The game was witnessed by a crowd estimated at 10,000.

Scoring touchdowns: Wallace, Gettle 3, Flory 2, Rutherford 2, Saunders 2; Try for point Rutherford 5, Wallace 6, Flory 6. Officials: Gass (Lehigh), umpire, Appleby (Michigan) Head linesman, Izard (W. & L.)

FIVE DRIVERS IN RACE

SANTA ROSA, Cal., Oct. 28.—Five drivers, Jimmy Murphy, Tommy Milner, Bennett Hill, Harry Hartz and Frank Elliott, compete on the Cotati Speedway, near here, tomorrow, in a hundred mile event, "the race of winners."

Each of the drivers has won at least one speedway event this year. Jimmy Murphy, who holds the national speed championship for 1922, and Tommy Milner, from whom he wrested the crown, are expected to engage in a duel in the race.

WEST VIRGINIA WINNER

MORGANTOWN, W. Va., Oct. 28.—West Virginia University today smashed through the heavy Rutgers College football line for four touchdowns and won the game 28 to nothing. The Mountaineers made a touchdown in each period.

NOTRE DAME DEFEATS GA. TECH, 13-3

ATLANTA, Ga., Oct. 28.—Notre Dame's football team for the first time today invaded the southland and with an aerial game, the perfect for Georgia Tech's college jacket, to have won 13 to 3 before a crowd of fans estimated at fifteen thousand.

Tech fought hard to stave off defeat, plugging through the opponent's line some three times during the first half, only to fumble when within 10 yards of a touchdown. The Tech's field goal came in the second quarter, after Brewster, punter and McDougall had pushed the ball to Notre Dame's three yard line. Brewster dropped back five yards and drop kicked the goal.

The line-up and summary:

Notre Dame 13, Georgia Tech 3

Carberry L. E. Usley

Cotton L. T. McConnell

Browns L. G. Eric

 Walsh | C. | Davis || Degree | R. G. | Lyman |
Oberst	R. T.	A. Station
Vergara	R. E.	McDonough
Thomas	Q. B.	Barron
Layden	L. H.	Brewster
Connell	R. H.	Hunt
Carney	F. B.	

Scores by periods:

Notre Dame 0, 7, 0, 6—13

Georgia Tech 0, 3, 0, 0—3

Notre Dame scoring: Touchdowns, Carberry (sub for Carney), Stuhldreher (sub for Thomas). Point from try after touchdowns, Carberry. Tech scoring: Field goal, Brewster. Referee, Birch; Umpire, Williams. Head linesman, Street.

Time of periods 15 minutes.

W. & M. DEFEATS HAMPDEN SIDNEY

RICHMOND, Va., October 28.—William and Mary defeated Hampden-Sidney here this afternoon by the score of 26 to 6. The game was one-sided all the way, the first touchdown coming to the winners in five minutes after play commenced.

William and Mary ran the ends and struck Centre for big gains. Few forward passes were attempted by the team, two of which were successful, Hampden-Sidney being the gainer when William and Mary made a try, carrying the ball thirty yards. Weather was too warm for comfort and there were several substitutions.

Hampden-Sidney played a stiffer game than the score indicates. The line-up:

Hampden-Sidney Position W. & M.

Carter L. E. Chandler

Fuqua L. T. Parson

Saunders L. G. Todd

McKelway C. Rangeley

Hall R. G. Haskell

Stoltz R. T. Jorda

Brennan (C) R. E. Flanders

Tyson Q. B. Irvin

Sanders L. H. B. White

Day R. H. B. Hastings

Blankenship F. B.

Hampden-Sidney—159, William and Mary 168. Time of game 3 p. m. Place, Mayo Island Park. Officials: referee, Hogan, Army; Umpire Moss, W. and L. Headlinesman, Witt, Virginia.

PREPARING PLANS

PITTSBURGH, Pa., Oct. 28.—Gene Sarazen, national open and professional golf champion, returned to Pittsburgh today to confer with officials of the Highland Club on his plans for next season.

Sarazen plans to stop here until November 10, when he will go South to recuperate from a recent appendicitis operation.

MANY RING BATTLES IN NEAR FUTURE

NEW YORK, Oct. 28.—Championship contests are gaining prominence in Gotham's little ring for the future. Two are definitely scheduled at 10th Street, where the fight will take place on Wednesday night at Madison Square Garden when he boxes Mike Walker of Newark, N. J. Another fight, which will be a contest between Johnny Puff and Alvin (the Eagle) Smith, will be staged at the same place on November 18 with the 112 pound title at stake, also at the garden.

Notations were said to be under way for a return bout between Harry Gold, American middle-heavy weight champion and Gene Tunney, who lost the title to Gold some time ago.

Joe Lynch, former-weight champion, was to have appeared in another title bout but plans to stop a contest was temporarily upset by the New York State Athletic Commission ruled that Lynch, because of his alleged poor showing in a recent bout, could not appear in the Garden until he had demonstrated to the commission's satisfaction that he has returned to form.

SEES BEER, LIGHT WINES BACK

By PHILIP J. SINNOTT
(CLEVELAND, O., Oct. 30.—Beer
and light wines will be restored to
America within a short time as a re-
sult of America's recent victory against
a drastic and extreme law, according
to Benedict Crowell, former assistant
secretary of war, and wealthy Cleve-
land contractor and builder.

And Crowell, who played a big part
in America's war victory, is lined up
Ohio to participate in that moderation.

"This is a question of majority
rule," declares Crowell. "There is no
issue of religion; no personalities are
involved."

"Indignation act and the drastic
Volstead act and the widespread de-
bauchery following it has spread until
throughout America the Association
Against the Prohibition Amendment
has started a fight for restoration of
constitutional rights."

"Heretofore, as in the present cam-
paign, the Anti-Saloon League and its
allies have put the mark of disrepute
upon anybody opposing them—classing
all who might differ as saloon in-
terests. This kept silent many men
and women of highest character."

"Now, however, an aroused public
opinion has brought representative
citizens of America to start the pres-
ent campaign. Its objective is not
to repeal of saloons but the right to
drink beer and light wines. Any per-
son in any way connected with the
liquor business is barred from mem-
bership in the association, in so far
as this can possibly be done."

Vote on Question in Two States
In Ohio and Illinois the voters will
poll on a clean-cut issue—modification
of the prohibition laws. Crowell
is chairman of the executive commit-
tee directing the Ohio campaign.

The result will be therefore, ac-
cording to proponents of the Ohio
measure to legalize light wines and
beer.

It will register definitely the wet
and dry sentiment of Ohio through-
out the nation. It will give con-
gressmen an ideal demonstration of
the will of the majority.

And if moderation of the Volstead
act comes within a short time, as
Crowell predicts, it will place Ohio
in position to force the change with-
out the delay of a fight in the Legis-
lature, or another submitting of the
question to the voters.

Prohibition has been before Amer-
ican people for 13 years, continued
Crowell. "There has been an alterna-
ting sentiment both for and against
it. Under the stress of wartime hys-
teria, with millions of voters with the
swords and out of the country, the
wing for prohibition carried farther
than usual. Advantages were taken
to enact a drastic, very foolish law."

The swing toward moderation is
now under way. The majority feels
that it was taken advantage of, and
it wants a change.

Urges a Middle Course.
"America has had religious and
other controversies in the past and
has settled them through adopting the
sensible middle course of not allow-

BENEDICT CROWELL

ing one group to fasten its personal
beliefs on the rest of the people. Why
not adopt the same method toward
the liquor question?

"There may be some persons get-
ting intoxicated—a difficult thing to
do, by the way—with beer and light
wines—but the whole people should
not be punished for the weakness of
the few. There is nothing inherently
wrong in taking a drink occasionally.

Better respect for the law, a return
of contentment and elimination of the
bootlegger will be the result of mi-
litation without return of the old-time
saloon."

"This nation-wide fight is the re-
sult of America's abhorrence to a
law making a criminal out of any per-
son taking a drink. The best people
of America know this is no moral
crime. So far from supporting the
law, they have more stuff in their
cellars than in the wettest days."

"The net result has been the great-
est debauchery in America's history
—open defiance of law, shameful cor-
ruption of public officials, and poison-
ing of people, with as much liquor
coming in as people buy."

Rich Get Liquor; Poor Get Poison.
"The rich get good liquor. The
poor get poisoned. The general re-
sult is discontent that is gradually be-
coming serious unrest."

"Any such universal disregarding
of a law is due to one of two things—
either the law is wrong, or the peo-
ple are wrong."

"The big majority, including Amer-
ica's best people, flout the law with-
out compunction, so the law must be
wrong."

"And that is why the representa-
tive people of America have formed
the Association Against the Prohibition
Amendment to bring about, not a
return of the saloons as the 'drys'
allege but to restore the right de-
manded by an outraged majority."

Mrs. Christler Gives
Full Recital of
Husband's Murder

Mrs. Carleton Earlier in Fat-
al Evening Called at Rec-
tor's Home and Was
Caught in Act of Destroy-
ing His Photograph.

HAVRE, Mon., Oct. 29.—Dramatic
details of events that led to the deaths
of Mrs. Margaret Carleton and the
Rev. Leonard Christler, pastor of
St. Mark's Church of the Incarna-
tion were recited to a coroner's jury
by the minister's widow previous to
a verdict returned early today, that
the tragedy was brought about on the
part of Mrs. Carleton.

The widow, Mrs. Anna W. Christ-
ler, in a calm, modulated voice de-
scribed how she returned to her home
about 10 o'clock last Friday evening
to find a light. Calling Mr. Haugue,
a neighbor, she said she stationed
him on the front porch while she en-
tered. She testified that she found
Mrs. Carleton, wife of former District
Judge Frank Carleton, destroying a
picture of Dr. Christler and admon-
ished her for the act. The witness
added that Mrs. Carleton "seemed any
thing but in her right mind."

Persuaded to Leave.
Finally, the widow said, she per-
suaded Mrs. Carleton to leave with
her walking toward the town's busi-
ness section where they met Rev.
Mr. Christler, who was with Rev. Mr.
Chapman of Butte. Mrs. Carleton
was left down town. She continued
the others returning home. Shortly
afterwards, the witness said, Mrs.
Carleton returned to the Christler
house. The witness testified in de-
scribing the conversation after Mrs.
Carleton rejoined them, but in an-
swer to a question asked that Mrs.
Carleton declared that she found
Mrs. Christler, but while Mrs. Car-
leton made no threats, she did
not of the talking.

Nothing the shooting after the
returning home, she said, Mr.
Christler arose and started for his
sleeping room. Mrs. Carleton also
arose as if to depart. Mrs. Christler
said she had opened the front door
and saw Mrs. Carleton, who
was armed with a revolver, enter
the house. Mrs. Christler testified
that Mrs. Carleton had turned
to see Mrs. Carleton fall in the
hallway, and was aiding into
the room. Mrs. Christler said
Mrs. Carleton was dead and
lying over the hall, tried to get
Mr. Christler, but the woman
had fallen so as partly to block
the way. She called the police
and they arrived. Mrs. Christler
told of the arrival

of the doctors, the chief of police, and
others, and telephone conversations
with Bishop Faber, at Helena, and
with Mrs. J. H. Pyle, of Helena, Mon-
tana, mother of Mrs. Carleton.

Widow's Story Continued.
Mr. Haugue confirmed Mrs. Christ-
ler's story that she had asked him to
stand on his porch until she went in-
to the house. He added that she af-
terwards stepped out again and said
"everything is all right."

He retired, and did not learn of the
shooting until the next morning, he
said.

Mr. Haugue said that last Sunday
about 4 o'clock, he had seen Mrs.
Carleton trying to enter the Christler
home.

On the night of the shooting short-
ly after 10 o'clock, he said, he had
seen Mrs. Carleton turn out a light
in the Christler home.

Mrs. F. E. Martin, librarian, and a
personal friend of Mrs. Carleton de-
scribed Mrs. Carleton's condition Fri-
day night. Going to her hotel, where
Mrs. Carleton also roomed, she said
she went to Mrs. Carleton's room in
response to a call and found her in-
bed, suffering from a sort of hysteri-
cal attack.

The Rev. Mr. Christler was there,
trying to quiet Mrs. Carleton, the
witness testified.

According to Mrs. Martin, Mrs.
Carleton told her that she had taken
an overdose of sleeping powder and
had just awakened from a sleep of
30 hours. Mrs. Martin said she had
judged Mrs. Carleton's condition as
"very bad." Mr. Christler left short-
ly after she had prepared food for
Mrs. Carleton, she said.

No Improper Relations.
There was nothing improper in the
relations of the rector and Mrs. Car-
leton while she was in the room, Mrs.
Martin said.

Mrs. Martin said she induced Mrs.
Carleton to go to her bedroom about
9 o'clock. The witness said she reem-
bered much improved.

Mrs. Carleton told her she was ex-
tremely tired and nervous as a result
of her current work, Mrs. Martin
said, adding that she also talked
about her daughter and her future
plans.

Dr. D. H. MacKenzie told of being
called to the Christler home, told of
taking a revolver from the hand of
Mrs. Carleton. He said he extracted
the bullets and one shell from the
revolver and that one shell struck in
the cylinder. The weapon was in-
troduced in evidence. The barrel of
the gun gave evidence of recent use,
but the shells and bullets could not
be found in the weapon for some
time.

Dr. Carl Foss, the Christler family
physician, told of finding the bodies
and confirmed Dr. MacKenzie's de-
scription as to the position in which
they lay. It also developed that he
was Mrs. Carleton's physician.

About six months ago, before Mrs.
Carleton departed for her work on a
chauffeur circuit in the east, he had
prescribed sleeping powder for her.
He testified. One of these powders

was sufficient to produce sleep for
eight hours, he said. He also stated
that he had operated on Mrs. Carle-
ton to correct nervous troubles. He
had thought she was better, he said.
Dr. Foss said that an overdose of
the powder, such as Mrs. Carleton was
said to have taken, would produce a
prolonged sleep, and that awakening
from it, the victim would be in a
haze and not responsible for actions.
He expressed the opinion that such a
condition might last almost into the
next day. Both physicians testified
to the opinion that from the evidence,
Mrs. Carleton was temporarily insane
when the tragedy occurred.

Police Chief Moran, shortly before
midnight Friday, said he met Mrs.
Carleton on the street. He said Mrs.
Carleton acted "very queerly" as if
to avoid discovery, and that she had
told him she was waiting for some
one.

Mr. Moran also told of finding torn
parts of messages and letters in Mrs.
Carleton's room after the tragedy. He
stated the opinion that it would have
been impossible for a third party to
have been in the little hall in the
Christler home at the time of the
shooting.

In the opinion of Chief Moran, the
bullet which killed Mr. Christler was
fired from a distance of between two
and three feet, since it went through
the body and lodged in the opposite
wall. His position in the wall, he said,
indicated that Mr. Christler might
have been closing the door when the
shot was fired. The gun which killed
Mrs. Carleton was held close to her
body, the discharge burning the outer
garment, he declared.

He said he was convinced from his
investigation that Mrs. Carleton had
killed Mr. Christler and herself.

The coroner introduced in evidence
possessions of Mrs. Carleton. In her
purses were found about \$60, small
articles and several letters, including
a valentine sent by Mr. Christler to
his wife. Mrs. Christler identified
early in the evening.

Have yesterday paid tribute to the
memory of the Rev. Mr. Christler,
stores closing during the funeral.
Throngs viewed the remains as they
lay in the church over which he had
presided and which was built through
his efforts. The body was sent to
Waterloo, N. Y., home of Rev. Mr.
Christler's parents, where burial will
be made. Mrs. Christler accompanied
the body.

The body of Mrs. Carleton is still
here. Funeral arrangements awaited
the arrival of her husband from Los
Angeles.

GREEKS TO BE REPRESENTED
ANTHENS, Oct. 29.—Greece will
be represented at the Lausanne peace
conference on Near Eastern affairs
by her former premier, Eleutherios
Venizelos, and the ministers to Lon-
don and Paris, it is announced.
